Exclusive Fall Fashions

The deepening shades of Fall now mist the horizon and we are reminded that a new season is here. The gaiety of summer has passed from our store, giving place to the richness of Fall hues. The transition is now complete. Our exhibition of Fall and Winter fashions now clearly tells what is authentic, what the correctly attired woman will wear, or rather, is wearing, for we cannot recall a time when femininity was so eager for the new things. Just unpacked and on display today many new styles in suits, dresses, coats, waists, skirts and millinery that will excite your every interest. Won't you come and see them? Truly a charming sight, for word pictures seem inadequate.

SUITS: Featuring the Styles of Autumn
\$15 to \$65

Graceful, loose flowing lines, full skirted effects, and others in Norfolk or Russian styles with belts. Fur is largely used on the high standing collars, and there is elaborate braiding and velvet trimming. Colors: African brown, forest green and navy; also pretty checks and mixtures. Come in and see them.

If you have Shopped About
and have seen the different
displays of New Fall Shoes

You will be in a position to instantly confirm, when you come here tomorrow that ours is the largest and best assorted stock of New Fall Shoes and Boots in the city.

The selection is so varied that we can assure you of the style adapted for your foot, whether it be for general street or dress wear. The rage of the season will be cloth toppings. These we can show you in every grade that will appeal to the eye and approve to you in price. Let us prove to you the individuality our shoes possess. Prices \$3.50 to \$6.00 per pair.

**NO TIME LIKE
THE PRESENT**

Every successful gown and dress shown in the fashion displays this year absolutely demands a corset to set it off.

The so-called "corsetless" figure has passed. Dress this year demands a shaped waist line and flat silhouette in front and back, and this is not possible without a corset.

C B a La SPIRITE CORSETS show every feature necessary for current styles.

A beautiful New Pink Model for the slender figure just arrived, \$4.00.

SUBSTANTIAL SUM
FROM FORESTS
THIS YEAR**

Approximately \$75,000 Is
State's Share of Revenues
of National Forests, Says
Official Report.

TOTAL DISTRIBUTED IN
ALL STATES \$850,000

Washington, Sept. 10.—The portion of the national forest receipts for the fiscal year 1915 to go to the benefit of the various states in which the forests lie, according to the computation of the forest service just approved by the secretary of the treasury, amounts all told to more than \$850,000. The gross receipts for the year ending June 30 were \$2,481,469.25, of which under the law 25 per cent is paid over to the states for county relief and road purposes and an additional 10 per cent is made

available for expenditure by the secretary of agriculture in building roads and trails for the benefit of local communities.

Montana gets the largest share, having contributed the largest amount of receipts for the sale of timber, grazing and other uses of the forests, or more than \$118,000. Of this amount, Montana is to receive \$79,568.75 for county school and road purposes, while the forest service will expend \$38,431.25 for improvements of special benefit to local communities and not included in the regular administrative and protective improvements. Idaho comes second with a 25 per cent allowance of \$75,621.15 and a 10 per cent fund of \$39,268.46. California is third, receiving a 25 per cent allowance of \$67,611.37 and a 10 per cent fund of \$27,944.74. The other national forests states follow in the order of the size of their respective shares:

Arizona, \$59,807.89 under the 25 per cent provision and \$29,923.16 under the 10 per cent; Colorado, \$59,218.80 and \$29,687.44; Oregon, \$49,675.83 and \$19,876.33; Utah, \$44,875.96 and \$19,470.28; Wyoming, \$42,686 and \$17,281.75; Washington, \$42,445.26 and \$14,978.33; New Mexico, \$31,746.16 and \$12,714.58; Nevada, \$26,214.25 and \$10,497.81; South Dakota, \$12,988.11 and \$5,105.25; Alaska, \$11,165.75 and \$4,466.30; Arkansas, \$8,738.33 and \$3,495.57; Florida, \$2,336.77 and \$934.71; Minnesota, \$1,971.60 and \$788.64; Nebraska, \$1,461.56 and \$560.46; Kansas, \$1,357.33 and \$542.93; Oklahoma, \$759.77 and \$304.31; Michigan, \$194.35 and \$79.23; North Dakota, \$81.83 and \$32.73; Porto Rico, \$9.25 and \$3.70.

The states of Arizona and New Mexico receive additional shares for

their school funds on account of school lands included within the national forests, yielding them \$23,366.46 and \$9,313.57 respectively.

On the national forest purchase areas in the east a total of \$3,977.60 was collected in Georgia, New Hampshire, North Carolina, Tennessee, Virginia, and West Virginia, these states thereby sharing \$994.40 under the 25 per cent provision and \$397.76 under the 10 per cent.

The total amount to be expended under this system of sharing the forest receipts with the states to make up for the loss of local taxes due to public ownership of the land is about \$16,000 greater than for the previous fiscal year, 1914, exceeded those of the fiscal year 1913 by about \$41,000. The provision of law under which a portion of the receipts is turned over to the states dates from 1906, and the total payments reach, with this year's allotment, nearly \$1,500,000. This ten per cent provision for government-built public roads has been in force only since 1912, and has now made available for this purpose an aggregate of \$926,000.

**"SILO" DAY WILL
BE CELEBRATED
IN ESTANCIA**

Torrance County Agricultural Agent Arranges Unique Gathering for Instruction of Estancia Valley Farmers

Estancia, N. M., Sept. 10.—Some time between the 17th and 24th of September County Agent Harwell will hold a silo demonstration at the Milbourn ranch, five miles west of Estancia. The Milbourns have three silos with a capacity of close to 500 tons. On one of the days when they will be filling the silos the farmers of Torrance county will be invited to witness the actual working. Silo men from the Agricultural college and the Santa Fe silo expert will be on hand to answer questions and help in doing the work in the quickest and best manner. The farmers west of Estancia will have a corn roast and hot coffee will be served the visitors. Estancia automobile owners have agreed to take all visitors from Estancia to the Milbourn farm free of charge. One fare for the round trip will be charged by the New Mexico

Central, which will be taken advantage of by those living south of Estancia. This will be a novel sight in the Estancia valley and should not be missed by the farmers in the northern end of the valley.

**HOPE OFFICIAL CALL
MAY MEAN BUILDING
BY THE D. & R. G.**

Santa Fe, N. M., Sept. 10.—While he would say absolutely nothing for publication during his visit here of construction plans of the railway, it is generally believed here that the visit of President D. F. Bush of the Denver & Rio Grande has to do with possible changes in the grades and roadbed and possibly with a standard gauge of the railroad into Santa Fe, an improvement toward which the people have been looking forward hopefully for many years. It is now known definitely that the D. & R. G. is to be broad-gauged into Durango at once from a point south of Alamosa, and people here hope that it may mean material improvement, if not broadening of the line to this city, although so far as public statements went Mr. Bush was non-committal.

Meritol Rheumatism Powder.

The unusually large sale of this remedy is the best evidence we could offer you to prove its merit. It is made of effective ingredients and is guaranteed to give permanent relief for rheumatism. **SCHOOL OF MINES
DORMITORIES
ARE FULL**

School Up to Capacity for First Time in History; Will Open for Year's Work on September 20.

Dr. Fayette A. Jones, president of the State School of Mines at Socorro, left for Socorro this morning after a brief stay here. He has been investigating potash deposits in Quay county and after analyses of samples taken have been made will prepare a bulletin on these deposits which he thinks may prove of commercial importance. "The School of Mines," said Dr. Jones this morning, "will open on September 20th with all space in the dormitories filled and the school up to capacity for the first time in its history. There is every indication of a most successful year's work."

Dyspepsia is America's curse. To restore digestion, normal weight, good health and purify the blood, use Burdock Blood Bitters. Sold at all drug stores. Price, \$1.00.

**HEAD OF DEPARTMENT
OF EDUCATION URGES
TEACHERS TO ATTEND**

Santa Fe, N. M., Sept. 10.—In a circular on general educational matters issued yesterday to every teacher in the state Alvan N. White, superintendent of public instruction, includes an urgent paragraph that the teachers attend the convention of the state teachers' association in Albuquerque in November. A splendid program is promised and outlined in the circular, which concludes:

"The next annual meeting of the New Mexico Educational association will be held in Albuquerque Monday, Tuesday and Wednesday, November 22, 23 and 24. President J. H. Vaughan, State College, and Secretary J. H. Wagner, Santa Fe, are doing all in their power to make this meeting a success in interest and benefit all previous meetings of the kind. We hope that your city will send the usual splendid delegation. Further circulars on this subject will be issued from time to time."
